

birth, beginnings: **CHOICES**

free public event

Thursday, September 25, 7-9 pm

The Leonardo Auditorium, 209 E 500 S, Salt Lake City

Developments in science have led to new technologies related to conception, birth and even re-birth. These new processes present ethical and cultural questions that have never existed before. Who should choose how to address these new opportunities and why? Join our panelists for the first discussion in The Leonardo—Science's 2008-2009 public dialog series.

Panelists:

Joe Andrade, PhD
Science,
Consilience,
Choices

**Kirtly Parker
Jones, M.D.**
Today and
Tomorrow

Mary Rizzuto
